BOLSHEVISM IS TOPIC OF TALK

Monroe Williams Addresses Gathering on Alleged False Social Standards

Advocating a change of "false" social standards as a means of eliminating danger of bolshevism, Monroe Williams addressed a gathering in the council chamber of the city hall last night. Williams suggested that all industries producing and distributing necessities of life be the property of the people, and that they be operated on a basis which eliminated any profit whatever.

He states that this idea has been successfully introduced in the Panama canal zone by the government, and that all employees receive, in addition to their wages, the direct results of their labor in the shape of living necessities, houses, commissary stores that sell at cost, and other features that give them opportunity to lay money aside for their old age.

Under the present system at the canal zone, Panama, he claims that a man is given a chance to reap the fruits of his efforts and does not have to contend with money-grabbers, who charge exorbitant prices for necessities. Mr. Williams endeavored to prove that through legislation, various facilities now privately owned, such as telephones, electric lights, railroads and other utilities owned by corporations, could be owned by the people and operated so that all shared the benefits equally.

He characterized his idea as the "brotherhood of man" system and said that under this condition, social unrest would be a thing of the past, there being no extremes of poverty and of great wealth, but a middle line on which the social order of the world would be at normal.

Boiled Down News From Political Pot

BOSTON, Mass., April 17.—A ruling that women may not vote in this state until enabling action has been taken by the legislature or congress, passing an act making the federal amendment effective, was made today by Attorney General J. Weston Allen.

The ruling sent to Secretary of State Albert F. Langtree holds that the federal amendment does not confer upon female citizens the right to vote and merely provides that they shall not be discriminated against because they are women.

"It is necessary that suffrage be conferred upon them either by state action or by congressional legislation," the attorney general holds.

COLUMBUS, O., April 17.—Women will not be permitted to vote in the presidential primary election in Ohio April 27. Anti-suffragists today called a referendum on the Reynolds law which would have permitted the women to vote at the presidential preference this year. The referendum will be held at the November election.

COLUMBUS, Neb., April 17.—United States Senator Hiram W. Johnson, of California, candidate for Republican nomination for president, closed his Nebraska campaign with an address here last night. He left shortly afterwards for Indiana.

LINCOLN, Neb., April 17.—Major General Leonard Woods, candidate for the Republican presidential nomination in an address here today declared that the United States should maintain "a strong but dignified foreign policy," affording protection to its citizens as the Roman empire did of old.

MONTPELIER, Vt., April 17.—Petitions sufficient to place the name of Henry Ford on the ballot at the presidential primaries in this state were filed with the secretary of state today.

SALEM, Ore., April 17.—Oregon voters at the primary election May 21 will cast preferential ballots for five Republicans and one Democrat for president of the United States, according to the records of the secretary of state, when the time for filing declarations of candidacy expired.

BISMARCK, N. D., April 17.—The state canvassing board completed yesterday its canvass of votes cast in the recent presidential preference election.

Hyram W. Johnson, for president, received 5173 votes, his being the only name printed on the ballot. For General Wood, 978 were cast, and Frank O. Lowden received 265 votes. All three are Republicans.

On the ticket there were no presidential candidates listed, but W. J. Bryan received 349 votes, and William G. McAdoo 49.

BLAIR, Neb., April 17.—In the course of his speech here, W. J. Bryan said the need for formation of a league of nations or something akin to it was emphasized by recent events in Europe. The invasion of French troops into German territory, he said, indicated the danger of an upheaval that might parallel or even surpass the world war in its ferocity. Mr. Bryan said he was willing to accept the league of nations either in its present form or with reservations, but added that something should be done quickly.

Discussing state affairs he criticized the record of Senator Hitchcock on prohibition and woman suffrage. He also advised the selection of a new Democratic national committeeman to succeed Arthur Mullen.

FINNS HOLD REED ON SMUGGLING CHARGE

Washington, April 17.—John Reed, an American magazine writer who was reported recently to have been executed in Finland, is in jail at Abo, Finland, on a charge of smuggling, according to advices from the American charge d'affaires at Helsinki, made public today by the state department.

6 MONTHS FOR RUNNING STILL

Joseph Neff of Eureka Given Limit by Federal Judge Tillman D. Johnson

SALT LAKE, April 17.—Pleading guilty to operating a small still at Eureka, Joseph Neff was sentenced to six months imprisonment by Judge Tillman D. Johnson of the United States district court today.

Neff's partner, Oscar Bloom, who was arrested with him, February 16, is ill in a hospital and could not appear for arraignment.

District Attorney Isaac Blair Evans, told the court the evidence showed that Neff and Bloom had been selling moonshine to miners at Eureka.

Upon being questioned by Judge Johnson, Neff said he had made only a small quantity of moonshine and that he had not sold any of it. He said he had not even given any away as he only had a gallon. He told the court he was an electrician and had always worked hard for a living. Furthermore, he said he had a wife and two children.

"Upon your statement of the case," said Judge Johnson, "I cannot see the slightest excuse for you. You are educated and have been able to make an honest living. Nevertheless you deliberately break the law and take the chance of bringing disgrace upon your family."

Upon inquiring the extent of the possible penalty from the district attorney and learning it could be 6 months or a fine of \$1000, the court gave the prisoner the full six months. Neff had already been in jail for sixty-two days.

MINERS ON FARM IN SUMMER, PLAN

Two Seasonal Problems of Kansas Solved in a Suggestion

By MABEL ABBOTT
(N. E. A. Staff Correspondent.)
PITTSBURG, Kans., April 17.—How to give coal miners steady work and reduce lay-offs.

How to get men to plow, plant and harvest the crops.

These two serious and long-standing Kansas problems have seemed so insoluble that they had come to be regarded as unalterable conditions, like the climate.

And now the new Kansas industrial court suggests that perhaps one is the answer to the other?

Here is the idea as set forth by Judge W. H. Higgins:

"One of the principal causes of unrest in the coal fields is the fact that mines lay off their men when the demand for coal is light.

"Coal operators say the coal in this field does not stand storage well; that it crumbles and is subject to spontaneous combustion, and so they have to mine it just as fast as it is wanted and stop when it is not wanted.

"The miners and their families suffer. The heavy demand for coal comes in the winter. There is work for all the miners then.

"Farmers, on the other hand, need men in the spring and summer. Kansas farmers offered \$15 a day for harvest hands last year.

There are nearly 13,000 miners in this district. Many of them lose six or eight weeks' work in a year.

"If the idle days could be arranged so that the men could go to the farms at plowing and planting and harvest seasons, they would earn good money; there would be work enough at the mines so those who remained need not be laid off and the farmers would have the help."

"This court has the power to fix schedules of operation if it sees fit. The investigation will go into the feasibility of this idea."

Deaths and Funerals

POWERS.
Charles Alfred Powers, Sr., died Friday evening, at 11:30 o'clock at the residence in Hooper, following an attack of heart trouble. He was born in Derbyshire, England, December 20, 1862, and was the son of Jessie and Sarah Johnson Powers. He came to America in 1884. He married Miss Mary A. Cox, Nov. 10, 1885, in Logan, where they lived for a few years. They also lived in Ogden, but moved to Hooper in 1889. He is survived by his wife and the following children: Mrs. William Douglas, Mrs. Alex. Russell, Alfred Powers, Mrs. Floyd Derin, Levi J. Glen, Ruby and Clarence Powers; the following brothers and sisters: Joseph, Jessie, Frank and Arthur Powers, Mrs. Annie Byington, Mrs. Sarah Simpson, and ten grandchildren. He was an active member of the L. D. S. church. Funeral services will be held Tuesday at 2 o'clock in the Hooper meeting house, services will be conducted by Bishop James Beus. The body may be viewed at the home Monday and Tuesday. Flowers may be left at the Lindquist funeral chapel until 11 o'clock Tuesday. Burial will be in the Hooper cemetery.

OGDEN LAWYER ASKS QUESTIONS

Judge Horn Seeks Inside Information on Endorsement of Judges

To Editor The Standard-Examiner:
As one of the attorneys practicing before the courts of the Second judicial district for 30 years, and vitally interested in the impartial administration of justice by those who are selected by the people to preside over the courts, I beg leave to ask through the medium of your space certain questions concerning an article appearing in the Salt Lake Tribune of April 16th, under the head line "Agee and Pratt Being Indorsed."

First—Will the author of the article, who designates Alfred W. Agee as a Republican, kindly inform the public upon what ticket Judge Agee received the election to the office he now holds, and upon what authority, in view of the fact that he stumped the district for the Democratic nominees and against the Republican nominees in 1916, he is now classed as a Republican?

Second—Who is the Salt Lake lawyer who wrote the laudatory letter to "friends" in the three counties in this district from which the quotation contained in the article is taken, and from whom did the Tribune reporter get the letter?

Third—What interests does this outside attorney represent that he should be so keenly concerned in the personnel of the judiciary of this district?

Fourth—Who made the canvases among the members of the Ogden bar association from which it is asserted that the members of the bar favor the perpetuation in office of the present Democratic incumbents? Was it either of the judges now on the bench who assumed to call in the lawyers practicing before them to criticize them as to their preference, or was it the secretary of the Democratic county committee who also reports for the Salt Lake Tribune? And why was I, being one of the oldest practitioners in Ogden, not shown the letter, nor asked for my view in this matter?

Fifth—Why should such Republican judicial timber as Judge Kimball, Judge Harris, Judge Howell, Judge Roberts, Judge Murphy, David Jensen, George Halverson, John C. Davis, John Sneddon, J. G. Willis, Judge Reeder, Judge Barker, C. R. Hollingsworth, Arthur Woolley, J. H. DeVine, R. S. Farnsworth, J. E. Evans, W. R. Sken, R. J. Douglas, L. J. Holcher, C. M. Marriott, R. H. Baumunk, S. C. Powell, H. A. Soderberg, D. L. Stine, V. C. Gunnell and others whom might be named be excluded from consideration by outsiders? Why should outsiders attempt to foist upon the voters of this district the judges who are to administer affairs in our courts when we might desire others?

Will the author of the article in question please answer?
A. G. HORN.

Oppose Flat Bonus to Service Veterans

ATLANTA, Ga., April 17.—Opposition to a flat bonus for ex-service men and women, and indorsement of land grants and long-term loans and increased payments to those disabled, was expressed in a resolution adopted today at joint sessions of the conventions of the National League for Nursing Education, the National Organization for Public Health Nursing and the American Nurses' association.

Miss Anna Jamme of California and Edna L. Foley, of Chicago, were elected presidents of the League for Nursing Education and the Organization for Public Health Nursing.

REQUEST JAPAN MAKE APOLOGY

Russians Refuse to Order Rail Men Back in Siberia

VLADIVOSTOK, April 11.—The provisional government here refuses to conduct any negotiations with the Japanese until the protest issued on April 6, demanding an apology from the Japanese, is answered. The situation developed when the Japanese asked the provisional government to order the Russian railway men to return to work on the railways. The newspapers of Vladivostok print bitter attacks on the allies because of their failure to protest against the Japanese actions in Siberia.

Americans arriving here from Nikol'sk report that events there on the night of April 14 were virtually the same as in Vladivostok, the Russians being disarmed. Many of them fled to the hills. The Japanese report that 38 of their nationals were killed and 30 wounded while the Russians suffered 200 casualties.

The Japanese state that they have blown up the great bridge over the Amur river at Khabarovsk, being

forced to take the utmost measures for defense against partisan troops approaching from the west. The Japanese in Khabarovsk apparently are in a difficult position.

Before war started, Germany was planning a library large enough to hold 10,000,000 books. Although this would have been the largest library in the world, it is by no means certain that it would have been the most useful. Students and business men, too, find the New York Public Library much more generally helpful than the British Museum Library, though the latter possesses three times as many books. Comparatively few Londoners, says a contemporary, can spare the time to visit Bloomsbury and sit vacantly for an hour under the great dome of the reading room while the books required are being sought.
